

REMARKS

Claims 1-11, 19 and 20 are pending in the application and were found to be allowable over the prior art of record. Claims 14-18 and 21-22 are canceled per the Examiner's Amendment of March 20, 2009. Claims 19 and 20 are amended in accordance with the examiner's suggestions on page 2 of the Ex Parte Quayle action mailed March 20, 2009. No new matter is added. Thus, claims 1-11, 19 and 20 remain pending and are now in condition for allowance.

Objection to the Specification:

The specification was objected to because there is no definition in the specification of a tangible, computer-readable storage medium. The examiner suggested either amending the specification or removing the word "tangible" from claims 19 and 20, as computer-readable storage media is supported and defined in the specification. Accordingly, claims 19 and 20 are amended to remove the word "tangible" in accordance with the examiner's suggestions. The Applicant respectfully requests withdrawal of the objection to the specification.

CONCLUSION

In view of the above amendment and arguments, the Applicant submits the pending application is in condition for allowance and an early action so indicating is respectfully requested.
